**RE: WATER PROVISION (PICK-UP AND DELIVERY) FOR RESIDENTS OF THE RESORT VILLAGE OF CHITEK  
LAKE**

Good morning Chief and Council,

As the Mayor of the Resort Village of Chitek Lake, I am writing you for clarification regarding the provision of water services to our residents in our community.

On the morning of April 21, 2021, we were informed by two persons from Pelican Lake First Nation (Dusty Bill and Wayne, your driver) that no one from our community would be able to come to Pelican Lake First Nation for water nor would your driver be able to deliver water to our community. The reason given for this halted service was Covid. If this is the case, I was hoping you could confirm this for us.

I was also wondering if this interruption of service was based on medical advice you were given for your community? In particular, I was wondering from whom you received this information, what were the specifics you were given and what time frame we are looking at for the disruption of service? It would be helpful for us as a community to have this information so that we can support your efforts in your community to be safe and restore services as soon as possible in our community at the same time.

If perhaps we have misunderstood the reason behind this disruption of service, is there something we can do to meet the reason (or reasons, if applicable), so that we can have services restored? I am sure you can appreciate how difficult it will be for our community members when they learn that they will be without service provision for something as essential as water.

I look forward to your response and I am hopeful that we can work toward a resolution as soon as possible. I would invite you to contact us at [rvchitek@sasktel.net](mailto:rvchitek@sasktel.net) so that your response can be shared with all of Council.

Best regards,

Sandra, Mayor
